

First name	surname	arrival	booking	Abstract	topic	Title
Unal	Akkemik	Vienna	I	poster	3	Effects of Snow Avalanche occurred in the winter of 1992-1993 on tree rings of Bornmueller's Fir in Kastamonu, Turkey
Maria Reyes	Alejano	Vienna	K	poster	4	The influence of environmental and silvicultural factors on diametric growth (stem) of holm oak (<i>Quercus ilex</i> ssp. <i>ballota</i>) in the South West of Spain
Claudia	Baittinger	car	private	no		
Michael	Bamforth	Salzburg rail	K	poster	1	The use of large diameter coppice rods in Iron Age woodworking
Giovanna	Battipaglia	car	K	poster	2	Detection of extremes in millennial length tree-ring chronologies.
Micha	Beuting	Vienna	K	no		
Yasir-ullah	Bhoru	Vienna ???	K	poster	2	Climatic response of <i>Pinus roxburghii</i> tree-rings and resin canals from Reserve forest of FRI Dehra Dun (India)
André	Billamboz	Hallstatt	G	no		
Niels	Bleicher	Hallstatt	A	oral	1	Four levels of pattern-identification in tree rings for palaeodendroecological interpretation.
Ilse	Boeren	car	G	oral	4	Growth ring analysis in <i>Milletia laurentii</i> from the Republic of Congo
Niels	Bonde	car	private	no		
Jarno	Bontadi	Salzburg ???	H	poster	1	Vertical transhumance in Trentino. An historical reconstruction through dendrochronology.
Achim	Bräuning	car	C	oral	4	Detection and ecological interpretation of seasonal growth patterns and stable isotope variations in south Ecuadorian trees.
Keith	Briffa	Salzburg rail	A	oral	2	Is there a "real" loss of temperature sensitivity in recent high-latitude tree growth?
Guntis	Brumelis	Vienna	J	no		
Christoph	Buksnowitz	BOKU	private	poster	1	Tree ring structure and variation as a quality-affecting parameter in Norway Spruce resonance wood.
Filipe	Campelo	Vienna	K	poster	4	Climatic signal of vessels in <i>Quercus ilex</i> from northeast Spain
Anna	Cedro	car	F	poster	3	Wild pear (<i>Pyrus pyraster</i> L.) – a xerothermic element in reserve "Bielinek"
				poster	2	Climatic response of spruce trees growing behind natural rangeland in southern coast of Baltic Sea
Bernhard	Cedro	car	F	no		
Mireia	Celma Martinez	Salzburg rail	C	oral	1	Shepherds woodcarving in Central Pyrenees
Paolo	Cherubini	car	I	oral	3	Dendroecology, or the use of tree rings in ecology: experiences from the past, challenges for the future.
Traute	Crueger	Hallstatt	K	no		
Paul	Copini	Salzburg	K	poster	3	Dendrogeomorphology as a tool to reconstruct drift sand dynamics using European oak (<i>Quercus robur</i> L. and <i>Quercus petraea</i> (Matt.) Liebl.)
Camille	Coualet	Vienna	G	poster	4	Growth rings and growth ring formation in 5 species of the Luki forest reserve, Mayombe, Democratic Republic of Congo
Katarina	Cufar	car	N	poster	1	Dendrochronological potential of wooden rural buildings in Slovenia
Martin	de Luis	Salzburg ???	B	oral	2	Dendrochronology in Mediterranean areas: new insights for climate change studies
Maaïke	De Ridder	car	J	poster	4	Growth-ring analysis in limba plantations (<i>Terminalia superba</i> Engl. et Diels) at the border of the Mayombe Forest, Democratic Republic of Congo
Margaret	Devall	Vienna	C	oral	3	Metal deposition in <i>Taxodium distichum</i> tree rings in a Louisiana wetland: nickel, copper, chromium, manganese and iron
Christoph	Dittmar	car	private	no		
Jaroslav	Dobry	Salzburg	K	no		
Marta	Dominguez Delmas	Vienna	F	no		
Geoff	Downes	Vienna	A	oral	4	Applications of high-resolution dendrometers and wood property measurement to model wood formation
David	Drew	Vienna	A	poster	4	Cambium: A process approach to simulating daily xylem development in Eucalypts
				poster	4	The use of precision dendrometers in research on daily stem size and wood property variation
Dieter	Eckstein	Vienna	B	no		
Thomas	Eißing	Salzburg rail	C	oral	1	Wood provenance and logging in Southern Germany
Didzis	Elferts	Vienna	K	poster	2	Influence of climatic factors on the radial growth of Scots pine in the Western part of Latvia
Wolfram	Elling	private	private	no		
Gerhard	Emsenhuber	Hallstatt	K	no		
René	Enevold	Salzburg	K	no		
Patrick	Fonti	car	J	oral	4	Precision vs. efficiency: how much information do we lose in an automated measurement of earlywood vessels?
Pascale	Fraiture	Vienna	C	oral	1	Wood painting supports in the southern part of the ancient Low Countries from 1450 to 1650: dendrochronological and archaeological analyses
John	Francuz	Salzburg rail	private	no		
Hiroyuki	Fujii	BOKU	J	poster	1	Species and tree ring analysis of wooden historic building in Taima-dera Buddhist Temple, Nara, Japan
Valeria	Gallucci	Salzburg rail	K	no		
Ignacio	García González	Salzburg rail	J	oral	4	Comparing several growth variables obtained from the earlywood vessels of oak: climatic responses and ecophysiological meaning
				poster	2	Tree-rings of young <i>Juniperus thurifera</i> trees are more sensitive to summer water stress than older ones
Holger	Gärtner	car	K	no		
Daniela	Geihofer	BOKU	private	no		
Borja Daniel	González-González	Salzburg rail	K	no		
Arantzazu	González-Pérez	Vienna	K	no		
Ernest	Gorsic	car	H	no		
Michael	Grabner	BOKU	private	no		
Jozica	Gricar	car	N	oral	4	Cambial activity and wood formation in experimentally controlled heated and cooled stem portions of sessile oak during the growing season of 2007
Jussi	Grießinger	car	C	oral	2	Stable isotopes in subalpine trees from the Tibetan plateau
Britt	Grundmann	Vienna	E	poster	2	Variation in climate-growth relationship of Common beech (<i>Fagus sylvatica</i> L.) and Norway spruce (<i>Picea abies</i> [L.] Karst.) in Natural forests in Southern Sweden since 1860
Vladimir	Gryc	car	C	poster	1	Anatomic identification of wood samples from the archaeological research of Opava
András	Grynaeus	Salzburg rail	K	poster	1	Recent Results of Dendrochronology in Hungary
Otto	Gschwind	car	E	no		
Marina	Gurskaya	Salzburg rail	K	poster	2	Extreme climatic events recorded in coniferous tree rings at the Poluj river floodplain (Northwestern Siberia).
Polona	Hafner	car	H	no		
Dietrich	Hakelberg	car	M	no		
Kristof	Haneca	car	B	poster	1	Historical timber import in Flanders (northern Belgium): the current dendrochronological approach
Franz	Herzig	car	G	no		
Karl-Uwe	Heussner	Vienna	B	poster	1	Absolute Chronology of Late Bronze Age and Early Iron Age from Poggoimarinio/Italy
Jutta	Hofmann	Salzburg rail	F	no		
Maris	Hordo	Vienna	K	poster	3	Trends of Scots pine (<i>P. sylvestris</i>) radial growth in Estonian Forests
Sandra	Ikauniece	Vienna ???	J	poster	3	Tree species composition change in <i>Quercus robur</i> stands in eastern Latvia
Risto	Jalkanen	Vienna	K	poster	4	Variation of tracheid number in radial files of xylem growth ring in pinned and micro-cored Scots pine
Esther	Jansma	Vienna	E	poster	1	Age, wood provenance and construction characteristics of three Roman barges from the Netherlands: a dendrochronological study
				oral	1	Digital Collaboratory on Cultural-Historical Dendrochronology in the Low Countries (DCCD)
Elisabeth	Johann	car	K	oral	1	Forest Utilization and Management in the Austrian Alpine Foothills (Österreichisches Alpenvorland) during the Era of the Roman Empire
Tuula	Jyske	Vienna	H	oral	4	The effect of severe drought on xylem wood formation in Norway spruce

Maarit	Kalela-Brundin	Thursday	A	no		
Sandra	Karanitsch	BOKU	private	no		
Elena	Kasatkina	Vienna	I	poster	2	Possible reflection of extraterrestrial body impacts in tree-ring chronologies
Anton	Kern	Hallstatt	private	no		
Zoltan	Kern	Vienna	K	poster	3	Steps toward a long regional stone pine tree-ring chronology for Eastern Carpathians, Romania
Hans	Kiessling	Hallstatt	K	no		
Georg	Kindermann	car	I	poster	3	Influence of tree and site conditions on tree ring width variation
Andreas	Kirchhefer	Salzburg rail	H	oral	2	Dendroclimatology in Dividalen, intra-alpine North-Norway: chronology development, tree-line dynamics and climate-responses
Marzena	Klusek	Salzburg rail	K	poster	4	Anatomical analysis of Miocene wood from the Carpathian Foredeep (SE Poland)
Tomáš	Kolár	car	C	poster	1	Dendrochronological dating of subfossil oak trunks from river-basin Morava and determination their physical and mechanical properties
Iryna	Koval	Vienna	K	poster	2	Influence of climate on radial growth of <i>Pinus Sylvestris L.</i> in forest and forest-steppe zones of Ukraine
				poster	4	The microstructure of wood's year bands as an indicator in meteorology history studies
Kerstin	Kowarik	Hallstatt	private	no		
Marek	Krapiec	car	A	no		
Tomas	Kyncl	car	M	poster	1	Dendrochronological dating of prehistoric well constructions in the Czech Republic
Alar	Läänelaid	Vienna	K	poster	3	Age and present state of oaks in an oak forest in Saaremaa Island, Estonia
Jonathan	Lageard	Salzburg	E	poster	3	Tree-ring dating of Fruit Trees at Croxteth Hall, Liverpool, UK
Georges	Lambert	car	E	poster	3	Methods for a three dimensional interpreting model of growth of 4000 oak trees collected in northern France and southern Belgium : historical interpretations, climatic signal and micro-environmental purposes
Alexander	Land	Salzburg rail	K	no		
Eberhard	Lehmann	car	E	poster	1	Neutron transmission imaging with imaging plates detectors as competitive method for tree ring determination
				poster	1	Imaging with cold neutrons for the determination of tree rings in deteriorated wood
Hanns Hubert	Leuschner	Salzburg rail	B	oral	3	Local or large scale spatial signal? A research strategy for the dendroecological evaluation of bog pine horizons
Tom	Levanic	car	K	no		
Markus	Lindhalm	Vienna	E	poster	2	Reconstruction of summer temperature from annual height increment of Scots pine at the northern timberline
Neil	Loader	Salzburg	E	oral	2	Multi-Parameter dendroclimatology at the Northern tree-line
				poster	4	A device for removing stuck/broken increment borers
Wolfgang	Lobisser	private	private	poster	1	Wood finds of the Iron Age from the Ramsautal on the Dürrenberg near Hallein
Majid	Lofalian	Vienna	H	poster	4	Reactions between Annual Rings and Timber Logging
Iluta	Luce	Vienna	K	poster	2	Growth response of Scots pine (<i>Pinus sylvestris L.</i>) to ground-water level and climatic factors in a bog
Harri	Mäkinen	Vienna	E	poster	4	Increment cores from the Finnish National Forest Inventory as a source of information for studying wood formation during a growing season
Nicoletta	Martinelli	car	I	no		
Thomas	Melvin	Salzburg rail	A	poster	2	Process-based standardization in dendroclimatology
Robert	Milling	Vienna	C	no		
Elena	Muntan	Salzburg rail	C	no		
Nigel	Nayling	Salzburg rail	K	poster	1	Dendro-historical analysis of the Newport medieval Ship: construction, life history and demise
Markus	Neumann	car	I	oral	3	Relations of growing district and tree ring width pattern
Kurt	Nicolussi	Hallstatt	I	oral	2	A 9111-year long conifer chronology for the Alps: establishment and results
				poster	1	Historic mining on gold at a high mountain site in the Alps – first results of dendrochronological analyses on mining timber from the Kloben area (Hohe Tauern)
Charles	Nock	BOKU	private	poster	4	Seasonal and long term variation in wood density for tropical tree species in Western Thailand
Jun	Obayashi Yamamoto	Salzburg rail	C	poster	1	Dendroarchaeological Study of Excavated Wooden Well in <i>Saidaiji</i> Temple
Walter	Oberhuber	Salzburg rail	E	oral	4	Temperature dependence of <i>Pinus cembra</i> stem growth and wood formation along an altitudinal transect
				poster	3	Synergistic effect of drought and chestnut blight (<i>Cryphonectria parasitica</i>) on radial growth of European chestnut (<i>Castanea sativa</i>)
Takayuki	Okochi	BOKU	J	poster	1	Nondestructive dendrochronological study for wooden statues housed in Ritto History Museum, Japan
Ilona	Peszlen	Vienna	J	poster	4	Effect of lignin on wood formation in transgenic aspen trees
Thomas	Pichler	Hallstatt	I	poster	1	Evidence for pre-historic mining activities by means of dendrochronological analysis of wooden artefacts from the copper mine Kelchalm/Kitzbühel
Olivia	Pignatelli	car	I	no		
Ionel	Popa	Vienna	K	oral	2	Millennial long summer temperature reconstruction inferred from tree-ring record for Calimani Mts. (Eastern Carpathians, Romania)
Eva	Premyslovska	car	C	no		
Peter	Prislan	car	K	poster	4	Wood formation in beech (<i>Fagus sylvatica L.</i>) in the 2006 growth season
Rutile	Pukiene	Vienna	K	poster	1	The 17 th century winding stairs in the Vilnius Cathedral as a source of information on architectural and natural history
Lydia	Querrec	Vienna	H	poster	1	Wood posts from old palisades surrounding Québec City, a UNESCO heritage site
Daniel	Reichle	Salzburg rail	F	no		
Hans	Reschreiter	car	private	no		
Roberta	Riondato	Salzburg rail	K	poster	2	Which is the most climate-sensitive part along a stem?
Elisabeth	Robert	car	G	poster	4	Hydraulic architecture of <i>Avicennia marina</i> (Forssk.) Vierh. along an ecological gradient in Gazi Bay, Kenya
Andreas	Rothe	private	private	no
